

RETAINS STOCK OF ESTATE, BUT SELLS HIS OWN

James Cox Brady Admits in Surrogate's Court Hearing Father's Estate Lost Nearly \$1,000,000 in R. R. T. Stock

Albany, Mar. 14. — James Cox Brady, son of Anthony N. Brady, financier of New York and Albany, and with his brother, Nicholas P. Brady, executor and trustee of the \$75,000,000 Anthony Brady estate, admitted today that the estate had lost nearly \$1,000,000 through his failure to dispose of the stock holdings in the Brooklyn Rapid Transit company when securities began to decline.

SISTERS COMPLAIN

Object to 1921 Accounting; Witness Director of R. R. T. Two Years, But Says He Did Not Realize Situation

Mr. Brady said he sold his own stock during or previous to the decline at an average of \$40 a share, but that the Brady estate securities, when finally sold, brought on an average only \$11. Some of them, he admitted, were sold for as low as \$5 a share.

James Cox Brady and his brother, Nicholas, are named in an action brought by their sisters, Mrs. Luther Tucker and Mrs. Francis P. Garvan, both of New York, who have objected to the 1921 accounting of the estate. The Central Union Trust company of New York also is party to the action. Former Governor Nathan L. Miller is counsel for the Brady brothers and the bank, while George W. Wickham, Indore Kresel, and others are appearing for Mrs. Tucker and Mrs. Garvan.

James Cox Brady was on the stand throughout today. Upon conclusion of his examination by Mr. Kresel, the hearing was adjourned until April 1. Mr. Brady has been the only witness to testify thus far.

Mr. Brady testified on the stand today that he and his brother, Nicholas, were directors of the Brooklyn Rapid Transit company from 1916 to 1918. He admitted that as directors they knew of the financial condition of the Brooklyn Rapid Transit company, but, he said, they had no idea that the company was headed for a receivership. Later, Mr. Brady testified that he did not realize that R. R. T. stock was taking a decided slump and said that he disposed of 14,535 shares held by himself. There were sold, he said, between December, 1917, and December, 1919, and brought \$40 a share.

Part of the stock held by the Brady estate, for which he was trustee, however, Mr. Brady admitted under questioning by Mr. Kresel, was held until after December 31, 1919. His own holdings in the company, the witness said, then amounted to but one-sixth of a share, while the Brady estate owned 11,744 shares. These, he explained, finally were sold at an average of from \$5 to \$11 a share.

PROBABLY DRY LEAGUE APPEAL

Council States Doubtless Supreme Court Will Be Asked to Review Staley's Decision

New York, Mar. 14. — Former State Senator Edgar T. Brackett and J. Arthur Leve, counsel for the Anti-Saloon league of New York, today announced that they thought their case would be an appeal to the division required in Albany yesterday by Supreme Court Justice Staley that the league was a political organization and must account for all money it expended for campaign purposes.

"No friend of the league need be deterred by the order even if it should be sustained in all its parts. We think that we shall ask the review of the decision by an appeal. It is important that the line of distinction between an educational institution and a political organization be clearly defined. The league has been in existence for 12 months in the year, with a single specific purpose in mind, on the one hand, and a more general political purpose on the other, to quite distinctly established. We expect that the court of appeals will finally be asked to decide the questions involved."

CHARGE IRREGULAR LIQUOR PRACTICES

Gary Officials Appropriated Evidence to Own Uses, Witnesses Testify in Conspiracy Case

Indianapolis, Mar. 14. — Details of alleged irregular practices by certain Gary, Ind., officials, in connection with liquor cases, were told on the witness stand today by Dan Melloy, former deputy constable of Gary, and a government witness in the Lake county liquor conspiracy case which opened in federal court here today.

The taking of testimony in the case, in which the 63 defendants are charged with conspiracy to obstruct enforcement of the Volstead act, the list including many prominent county and city officials, got under way after Judge Ferdinand Geiger overruled a motion for dismissal of three of the defendants on the ground of lack of evidence. The jury was selected early in the day.

Melloy testified that while a constable in 1921, he was called into conference with Fred Seabright, deputy prosecutor of Gary, one of the defendants, given a list of places where liquor was suspected of being sold, and told to arrest the operators of the places. The whiskey obtained in the raids, the witness said, was taken to the prosecutor's office but much of it never was properly accounted for.

Melloy said he had seized large quantities of liquor from highways about Gary and had divided it with his superior officer, Pete Persons, a constable of Gary. He testified he was allowed to fix bonds of persons arrested after paying Seabright a fee of \$25. A lawyer then would give the case, and would receive a fee of \$50. The case would go to trial and the defendant answered a fine without appearing in court. He testified that City Judge William H. Dunn, of Gary, received one-fourth of the proceeds of the case.

RUSSIA-POLAND BOUNDARY FIXED

Council of Ambassadors Settles One of Most Vexing Problems Growing Out of World War

(By the Associated Press.)
The council of ambassadors today finally settled one of the most irritating problems left over from the peace conference by fixing the frontiers between Russia and Poland.

The council's action, while on the surface a mere perfunctory sanctioning of the terms of the 1919 treaty between Russia and Poland, was really the ending of an uncertain situation which it was feared might develop serious trouble.

In fact the allies had never formally accepted the territorial divisions made under the 1919 treaty and questions had been raised as to the fate of eastern Galicia. This matter had come up on several occasions before the assembly of the League of Nations, but on a resolution introduced by the Canadian delegation to the effect that the council of the league do its utmost to urge final settlement of the status of the province.

The ambassadors' action provides that the "Vistula district shall be attached to Poland, thus ending the long dispute between that country and Lithuanians.

BOMBS FAIL TO RELIEVE PORT JERVIS CRISIS

Four 300 Pound T. N. T. Charges Succeed Only in Tearing Great Holes in Ice Blocking the Delaware River

Port Jervis, Mar. 14. — Scarred and shaken by violent explosions of 300-pound T. N. T. bombs dropped by army aviators today from an altitude of 2,000 feet, the dangerous five-mile ice jam on the Delaware river, which has threatened this town with disaster, still was intact tonight.

The flood menace, however, was believed to have been temporarily removed for although winter scored a triumph against one of war's modern implements of destruction, the river is falling and a heavy thaw is now the only danger.

Guided by bonfires built on the ice as the most likely vulnerable points, two large Martin bombers from Aberdeen field, Md., each carrying four men and four bombs, began the attack. Thousands of residents in New York, New Jersey and Pennsylvania gathered in the vicinity where the three states adjoin and saw the spectacle.

Seven bombs were dropped at intervals of 20 minutes, four tearing great cavities in the ice six feet deep. The other three landing on the New Jersey shore, throwing up clouds of earth and snow.

One of the bombs striking the land endangered a group of spectators and motion picture photographers who had ventured near for a close up of the burning charge. Flying fragments whistled past them but on one was hurt.

The danger zone lies between the about five miles out of Port Jervis. Three planes started from Aberdeen field but engine trouble compelled one to make a forced landing at Pottstown, Pa. The others completed the 200-mile flight without mishap. Tonight they were at Matamoras, Pa., and plan to return to Aberdeen field at 8 a. m. tomorrow.

PREPARE REPLY TO ALLIES ON A. O. COSTS PAYMENT

Washington, Mar. 14. — The reply to allied proposals relative to payment of the costs of maintaining the American army of occupation in Germany probably will be forwarded tomorrow to Elliot Woodworth, United States representative in Paris, for presentation to the allied negotiators.

The reply has not yet been formulated and published reports that the suggestion had been flatly rejected were without warrant in fact. At the same time state department officials explained they did not intend to give the impression that the proposals would be accepted. Their attitude indicated that the utmost consideration was being given to them with the result that some features might be approved in principle and others rejected.

FILE COMPLAINT TODAY

New York, Mar. 14. — Miss Dolores Dixon's \$50,000 suit against "Rube" Ruth, Yankee home-run slugger, based on alleged attacks made during automobile trips on Long Island, remained unfiled today.

George Feinberg, the girl's attorney, said the complaint probably would be filed tomorrow. He denied Ruth's charge that the suit was a "black-mail plot."

MURDERED HUSBAND ROUGH WHEN DRUNK

Wife Testifies He Was "Kind"; Almost Killed Housekeeper After Heavy Drinking

Mineola, Mar. 14. — Mrs. Madge Pettit, the second wife of James Pettit, tavern keeper, who was shot to death at Massapequa inn last January, took the witness stand today in defense of Mrs. Mary Elizabeth "Dillie" Wells, who is charged with the shooting.

Mrs. Pettit said her husband had always been a great spender of money and was heavily on horse races. After their separation she had not objected to Mrs. Wells acting as housekeeper, or hostess, in Massapequa inn, which Pettit, owned, she told the jury.

"I couldn't handle him when he was drunk and neither could Mrs. Wells," said Mrs. Pettit. She declared he had come to her home in East Orange, N. J., in the spring of 1922, saying he had lost heavily on the races and asking her for money. She gave him \$50. On another occasion, she said, he asked her for a revolver, but she refused to give it to him, fearing he would take his life.

Mrs. Pettit asserted her husband had received \$100,000 from the estate of his mother, but had spent most of the money recklessly. She said she knew he had attacked Mrs. Wells several times, and told of his coming to her and telling her he had almost killed his housekeeper. "Kind, but never affectionate," she said.

THIRTEEN INJURED IN FACTORY BLAZE

With Clothing Above Employees of Match Company Leap From Second Story Window

New York, Mar. 14. — Thirteen match makers were injured tonight when, with clothes ablaze and bodies scorched, they leaped from upper windows of the World Match company's plant near the eastern end of Brooklyn bridge.

Two firemen were hurt in battling flames which destroyed the plant and threatened surrounding buildings, including a sales stable whence 50 stampeding horses were led by police and volunteers.

Firemen tonight made a thorough but futile search for the bodies of two men reported to have been trapped in the building. Although a roll call of employees was not possible, officials of the match company believe that the two men reported missing had leaped from second floor windows and died without waiting to be accounted for.

The fire is believed to have been started when a large carton of matches dropped three floors down a shaft into the basement, igniting in a slow explosion.

THUNDER CLOUD HOVERING OVER RUHR VALLEY

"Woe to French and Woe to All Europe, If It Breaks," Writes German Elderfield Correspondent

Berlin, Mar. 14. — "Thunder hangs in the air between the Lippe and the Ruhr," writes the Elderfield correspondent of the Allgemeine Zeitung, "and if it breaks woe to the French and woe to all Europe."

The correspondent says the Westphalian is a man of few words, but when he does begin to speak action is not far off, and adds that until recently the Westphalians have kept their feelings to themselves, realising that "the whole country is swarming with spies."

The correspondent cites as an instance of this espionage the alleged fact that heading and directing the recent raid on the Bochum chamber of commerce was a civilian who had lived two years in Bochum as a merchant. Yet now the Westphalians were beginning to speak from their hearts, and he warns that this bodies ill for the occupying forces.

The inhabitants of the Ruhr, he declares, have even gone as far as threats, which is evidenced by an incident which he relates as follows: "The labor unions at Bochum protested against the sharpening of the state of siege. The French general invited them to the city hall to explain their reasons to him and to hear vindication of his measures; thereupon they interrupted him abruptly, declaring they did not care anything about that—all that made no difference to them, they told him, and added:

"We have borne it all long enough now; it will not go much longer. And it is turning out badly. Do not forget that we have dynamite in our mines. Remember that, and if it ever goes off—good bye."

GERMANY HAS PEACE MOVE

(By the Associated Press.)

London, Mar. 14. — Germany is about to make a declaration that she is willing and ready to produce a plan for the final settlement of the reparations question, provided she can rely on the plan receiving the attention and consideration of the allied governments, says the Daily Telegraph's diplomatic correspondent, upon whose information the Daily Telegraph in an editorial says the fullest reliance may be placed.

According to the correspondent, the plan which involves a material guarantee by the German industrialists, will not be disclosed until the German government is assured it will not be brushed aside without serious examination as happened to Karl Bergmann's proposals in London in December and in Paris in January.

Unofficial and semi-official envoys from Berlin, says the correspondent, recently caused inquiries to be made of the British cabinet whether the cabinet would not take the lead by suggesting that a concrete offer from Germany would be welcomed in London, but that the British statesmen were reluctant to commit themselves.

LETTERS SHOW DIVISION IN IRREGULARS' RANKS

(By the Associated Press.)

Dublin, Mar. 14. — The Free State government has made public captured letters from Eamon de Valera addressed to Joe McCarthy of Philadelphia and J. J. Kelly and Laurence Kennedy, members of the Volunteers party, who are now in the United States. The purport of the letters is that a critical stage has been reached when more money was necessary to enable the irregulars to smash their opponents. The government's comment on the letters is that they show the irregulars are divided and that their campaign for financial aid in Ireland has failed.

CHARLES F. CRAMER COMMITS SUICIDE

Former Counsel of Veteran's Bureau Worried Over Criticism and Financial Troubles

Washington, Mar. 14. — The suicide today of Charles F. Cramer, who resigned as general counsel for the Veterans' bureau at the height of congressional attacks on that organization, was attributed tonight by his associates to worry over criticism aimed at him, accentuated by the ill health of his father and by financial reverses.

William Wolf Smith, who succeeded Mr. Cramer, said his inquiry into the affairs of the legal division of the bureau had thus far disclosed "nothing" to Mr. Cramer's discredit. Investigation by the police revealed no motive for the suicide, but they said they had learned that Mr. Cramer had been greatly depressed since severing his connection with the Veterans' organization a few weeks ago. Mr. Cramer was alone at the time of the tragedy, except for a maid and a chauffeur. Last night he escorted his wife to the midnight train for New York, where she went to visit his father who is 82 years old and who is said to be critically ill. Returning to his home he told the maid to awaken him at 5 o'clock this morning, but she found his bed had not been slept in. The door to a bathroom was found locked. It was broken down and his body, still warm, was found on the floor. A bullet had passed through his head.

The house in which the act was committed, was purchased by Mr. Cramer from President and Mrs. Harding, it having been occupied by them while the President was senator.

WILLIAM Z. FOSTER JURY UNCOMPLETED

Judge and Attorney for Defendant Clash Over Right of Persons to Stage Revolution

(By the Associated Press.)
St. Joseph, Mich., Mar. 14. — Selection of a jury to try William Z. Foster, charged with violating the Michigan law against criminal syndicalism, was delayed today by the state had approved a completed panel.

At adjournment tonight, Frank P. Walsh, chief counsel for Foster, announced he would promptly challenge tomorrow one of the 12 tendered by the prosecution.

Judge Charles Whitin, presiding in the case, and Mr. Walsh clashed today over the legal right of individuals to preach the inherent rights of a people to stage a violent revolution. The defense attorney declared that Foster, or any one else, has the privilege to point out to Americans that they had a right, stated by the Declaration of Independence, to revolt if conditions under their form of government became intolerable. He argued that the Michigan syndicalism law, or any other statute, was not violated, unless the advocate of revolution in the abstract actually advised resort to arms.

Judge Whitin declared no right to preach revolution existed and George Bokketter, assistant prosecuting attorney of Berrien county, said Mr. Walsh was confusing the Declaration of Independence—which is not law—with the constitution of the United States—the basic law of the nation.

DAIRYMEN'S LEAGUE PRICES 10 CENTS ABOVE JANUARY'S

Utica, Mar. 14. — Officials of the Dairymen's League Cooperative Association today announced the February price for three months' supply of milk at \$2.21, an increase of 10 cents per hundred pounds over January and 24 cents over February, 1922.

During February the league marketed nearly 21,000,000 pounds of fluid milk, compared with 5,000,000 pounds in January. The average price of milk handled was almost doubled over that of last year, the total being 12,000,000 pounds. Total sales for February were announced at \$2,946,041.12, an increase of \$1,265,924.62 over January sales.

LAST DAY TO PAY 1922 TAX ON INCOMES

Government Begins Lacking Up Citizens for Failure to Report Full Amount of Income in Previous Years

COMPLETING 1919
Officials Are Six Years Behind in Auditing Returns; \$300,000,000 Additional Due United States Is Uncovered

New York, Mar. 14. — With tomorrow the last day on which federal taxes must be paid on last year's income, the government today began jacking up citizens alleged to have failed to report their entire receipts in other years.

While last minute returns for 1922 were pouring into internal revenue offices this afternoon, a federal grand jury in Manhattan indicted John T. Heltrich, famous "code of practice" lawyer, exposed by the Lockwood legislative committee which investigated the building trusts, on a charge of perjury.

It was alleged that the lawyer had reported an income of only \$24,566 for 1919, with taxes of \$331, whereas his income was \$50,661, on which he should have paid \$3,376.

At the same time a federal grand jury in Brooklyn indicted Frank Cieslik, a real estate operator and stock promoter, for alleged failure to report his entire income in 1920. The case was passed along to Washington and orders were received to make a more extensive investigation, as a result of which it is alleged that the promoter owed the government \$1,500,000 in taxes and penalties, or a total of about \$2,000,000.

EX-BARGE CAPTAIN GREATLY TATTOOED

Body, Arms, Legs and Neck of Frederick Hermann Covered With Designs

New York, Mar. 14. — The body of Frederick Hermann, former barge captain, was declared by officials of the city morgue tonight to be more tattooed than any other ever seen there. Circumstances surrounding his death have not been learned.

Hermann's body, legs, arms, neck were covered with designs, so completely tattooed that the face, for signs of the world, on the chest was a full sized ship, while directly below it was a picture of Ben Hur's chariot race. Around the neck two snakes were entwined. On the upper right arm was the "Rock of Ages." A German and American flag were intertwined on the left leg. A tombstone, bearing the caption "In memory of mother," was tattooed on the dead man's back. A figure of Columbus, an Indian, birds, mice, cherubs, a deer, several figures of women, children and many other designs were on his body.

AMERICAN SPORTSMEN ABROAD

Background of International Sports Shows to England.

New York, Mar. 14. — The battleground of international rivalry in sports will shift this year from the United States to Great Britain.

The program of events arranged so far indicates that many of the fixtures in different branches of competition, contested on this side of the Atlantic last season, will take place abroad this year. In several instances the United States will defend its championship honors on foreign fields and waters.

While the final Davis cup matches will be held in this country again, with America defending its team title, leading contests in golf, yachting and tennis and field sports will be staged on the other side.

The Walker cup, emblematic of the amateur team championship, successfully defended here last season by America, will be contested for on British links, but unless several stars change their minds before spring, it is unlikely that the United States will be able to muster its strongest array for the invasion in May.

The American amateurs also will compete in the British individual tournament while several of America's foremost professionals are expected again to take part in the British open championship, won last year by Walter Hagen, American homebred star. As present is to be doubtful if any organized British invasion for the principal golf events in this country will be made.

Contests for both the British-American cup, team trophy, and the Hennessy-Garrett cup, individual trophy, among six-metre yachts, both will be staged in Scottish waters in August. The team cup was won off Long Island last summer by American skippers, but the individual yacht prize was carried overseas by the British skipper.

Harvard and Yale track stars have been named to meet a combined Oxford and Cambridge team in England in July, and it is possible that this country also will be represented in international track and field meets at Paris, in May, and Sweden, in July. Syracuse's lacrosse team will add to the favor of international competition secured by invading England in June.

DOINGS OF THE DUFFS

The Absent-Minded Teacher BY ALLMAN

UNIQUE BASEBALL GAME

A novel baseball game was played on the Union College diamond 19 years ago today.

On the night of March 12, 1915, the Union-Rutgers debate was held, and the Rutgers victory caused the Union freshmen to become hilarious.

A bonfire was built, and college songs and cheers rendered. Then the celebrators retired to the memorial building, now the library. From there they issued with burdens of statues. To the baseball diamond they went; the diamond then adjoined the library.

The next morning found every position on the diamond held down by a plaster of Paris statue. Minerva was at bat, and Palms supported first base. The Discobolus was properly in the pitcher's box. Socrates umpired, and Cupid was on the sidelines.

City League Bowling

Two matches of the City League tournament were rolled at the Elks club last evening and the Elks team took five of six games. Kniskern did some wonderful work with high game of 235 and average of 224. Kniskern broke both alley records and the team set a record in pinning which will prove hard to beat.

LOCAL MENTION

—There was a goodly attendance
at "Burr" at the theatre and cheer-
ful at the "Burr" club last evening.

—Montgomery Smith, superin-
tendent of schools at Oneonta, was a
visitor at the high school building yes-
terday.

—Attorney Donald C. Grant will
address Troup Four of the Boy Scouts
this evening on how the Scouts can
assist in helping observe the laws.
The meeting will begin at 7 o'clock.

—Citizens are reminded that today
is the last day for the filing of Fed-
eral Income Tax returns. They may
be left with Deputy Collector John S.
Taylor at his office in the federal
building or sent direct to the col-
lector at Syracuse.

—The result of the Goodwill elec-
tion on the Susquehanna division of
the D. & H. was not ascertained yes-
terday, the checking of the 6,000
names on the nominating petitions
proving a herculean task. It is ex-
pected that the name of the success-
ful young woman will be made known
this morning.

—Dr. A. C. McCrea, national di-
rector for colleges and schools for
the Near East Relief, will present a
message straight from stricken Ar-
menia when he speaks at the mid-
week service at the First Methodist
church this evening. The service will
begin promptly at 7:15 o'clock. Dr.
McCrea, who is a personal friend of
Dr. Flynn, is a speaker of great ability
and has seen whereof he talks,
having spent some time in the Near
East.

COOPERSTOWN AT ARMY.

Independents and Co. G. to Play Fifth
Game This Evening.

The Army court will be the scene
of a good basketball game again to-
night, when the fast "Independents"
of Cooperstown clash with the com-
pany G. team. The games now stand
2 to 1 in favor of the Cooperstown ag-
gregation, and the soldiers hope to
take the lead.

Monahan, who until recently has
been playing with the High School
team, and who has been considered
the star of that quietest for the past
two years, will appear for the first
time in a company G. uniform. He
should prove an attraction also, as
"Monny" has a host of followers
among his High School friends who
will be glad to see him back in the
rings. Pandolfini will also be back
after a long illness, and he no doubt
will help to "pep up" the boys.

Company G. has only a few more
games on their schedule and expect to
close their season on March 29th,
when the Colgate Varsity will appear
on the Army court. Colgate has
one of the leading collegiate basket-
ball teams this season, and this game
will furnish all who are interested in
good basketball, a chance to see a real
exhibition. Ab. Herman will also be
probably be on hand to see Ab. per-
form.

The Kayser Girls Benevolent Society
will put on a benefit entertainment
in the club rooms of the society,
which are located on the second floor
of the Kayser factory on Wall Street.
A program of motion pictures has
been arranged for by J. C. Colburn,
who will be in charge of the entire
performance. Musical numbers will
be rendered by members of the society
during the evening, and Mr. Colburn
states every comfort in seating,
and caring for the pleasure of those at-
tending, has been looked out for.
Tickets are on sale by members of the
society. It is well to state here, says
Mr. Colburn, that the entire proceeds
will be for the care of sick and disabled
members of the society, which has
also taken upon its own hands the en-
tire support of one aged woman.
The girls should receive the support
and encouragement of the public in
the wonderful work they perform to
help others.

Interest in their efforts has been
very strongly shown by Mr. Lange of
the Y. M. C. A., who very kindly gives
the use of the Y. M. C. A. projection
machine, as well as his personal ser-
vices to run the machine. The Dales
Mule store has given the use of
a plane, which shows they believe in
the helping hand movement. Hester
trucking is being donated by Hester
trucking. There is no doubt about it, the
girls are bound to have a large green-
ing and by the way, it comes off this

DOLLAR DAY IN ONEONTA

March 22 is the date when All City
Merchants Will Observe in Obey-
ing Resolutions That Will Mean a Real
Saving to You.

The annual Cooperative Dollar Day
sale in Oneonta, an event which has
meant the saving of thousands of dol-
lars for customers in past years, is
announced for a week from today,
Thursday, March 22. Practically all
the merchants of the city will partici-
pate in the sale, the plans for which
are fast nearing completion. It is ex-
pected that the sale will prove the
most successful ever held in the city,
both in patronage and in the quality
of bargains offered.

Dollar Day is usually held in Feb-
ruary but because of the condition of
the roads the sale has been post-
poned from time to time until now it
must be held because of the nearness
of Easter and the preparations of
merchants for that outstanding mer-
chandising season.

Dollar Days in Oneonta are con-
sidered to be among the greatest bar-
gain days of the year, day when the
dollar has far more buying power
than usual in the purchase of mer-
chandise. The merchants vie with
each other in the offering of attrac-
tive dollar bargains and real values
are the rule, not the exception. Each
year the sale is taken advantage of
by ever increasing throngs of buyers,
not only from Oneonta but also from
a radius of many miles from the city.

This year the bargains offered
should be unusually good. Because of
the poor condition of the roads buy-
ers have been unable to get into the
city for weeks at a time and as a
result some merchants have stocks of
certain articles which they will be
glad to sell even at a loss to clean
their shelves in preparation for the
spring and summer seasons. By next
week Thursday the roads should be
in good condition for traveling and it
is expected that there will be a great
many visitors in the stores, in addi-
tion to the large number of Oneontans
who will take advantage of the day.
The date is March 22. Keep it in
mind. The sale will mean the saving
of dollars to you.

CHANGES IN FACULTY

Miss Dorothy Shufelt and Miss Claire
Groh, High School Instructors, Re-
sign—Former's Successor Chosen.

The resignations of Miss Dorothy
Shufelt and Miss Claire Groh from
the faculty of the Oneonta High
school were accepted and Miss Marion
Parry of Canaan, Vt., was elected to
succeed Miss Shufelt at a recent meet-
ing of the board of education. Miss
Groh's successor has not yet been
chosen. There may be other changes
in the faculty next year but as all of
the contracts have not been handed
in yet no further announcement can
be made at this time.

Miss Shufelt has been head of the
music department for the past two
years. Her home is in Cataugus.
During her connection with the High
school, Miss Shufelt has accomplish-
ed excellent results and it was with
regret that her resignation was ac-
cepted. In addition to her regular
class room work, Miss Shufelt di-
rected many musical programs given by
the students, always achieving re-
markable results. Her own splendid
voice and piano playing were heard
on various occasions.

Miss Marion Parry, who will suc-
ceed Miss Shufelt, will graduate this
year from the Crane-Normal institute
at Potsdam. She will come to Oneonta
highly recommended by her instruc-
tors at Potsdam.

Miss Claire Groh resigns after three
years' successful work as an instruc-
tor in the mathematics department.
Her services were highly regarded
and the board of education was loathe
to release her. Her successor has not
yet been chosen.

Neither Miss Shufelt nor Miss Groh
have announced their plans for the
future.

Oneonta Club Officers.

The following officers for the ensu-
ing year were elected at the annual
meeting of the Oneonta club held last
evening:

President—Roscoe C. Briggs.
First Vice President—Leslie Gard-
ner.

Second Vice President—A. E.
Hewitt.

Board of Governors—Leslie Gard-
ner, A. E. Hewitt, J. S. Lauren, George
J. Dunn, L. S. Lang, H. C. Getman,
R. W. Murdoch and P. R. Chambers.

Rudolph Bagge and Francis Lee were
elected to resident membership. The
snoker, the last of the season, was
largely attended and thoroughly en-
joyed.

Salvation Army Meeting.

A special feature of the Saturday
night's meeting in the Salvation Army
hall will be the Scripture cake; twelve
children, each quoting a verse of
Scripture showing where the ingredi-
ents may be found. Secure your
ticket for the meeting. Ticket will
give full particulars. Brother and
Sister Wells will add interest with
their singing. We expect a quartet
for our Sunday night meeting.

Condition of Albert Morris Changed.

The condition of Albert Morris, who
suffered a paralytic shock Tuesday
morning, remained unchanged last
evening. Mr. Morris was still uncon-
scious but was breathing naturally.
His condition is regarded as very seri-
ous by the attending physician, al-
though they admit a chance of his re-
covery.

PREPARING FOR TOURNEY

High School Basketball Practising for
Seasonal Contest at Binghamton
This Week-end—Oneonta Will Meet
Elmira, Ithaca or Norwich
Friday Night.

The High school basketball team
held a very satisfactory practice last
evening in preparation for the sea-
sonal tournament to be held at Bingham-
ton on Friday and Saturday eve-
nings of this week to pick a team to
compete in the state championship
contest at Syracuse March 22 to 24.
The first and second teams were at-
tended against each other in a contest
that showed conclusively that the first
string men have lost most of the skill
and energy that characterized their
play during the regular season.

Four teams will be entered in the
tournament at Binghamton, those rep-
resenting the High schools at One-
onta, Elmira, Ithaca and Norwich, all
winners in their respective leagues.
Two games will be played Friday
night and on Saturday night the win-
ners of those matches will meet. It
will probably not be known until
Friday which team Oneonta will meet
that evening.

The Oneonta squad, which will in-
clude the regular team and full com-
plement of substitutes, will leave Fri-
day morning for Binghamton, ac-
companied by Coach A. L. Riley,
Principal H. G. Vandusen and a
large delegation of students. It is
expected that the entire student body
will be allowed to go to the train to
cheer the team on its way.

Two hundred and twenty-five teams,
enrolled in 40 leagues, have been
competing since December for the
right to play in the sectional tourna-
ments. Only winners of leagues that
have been approved by the state as-
sociation, using the same rules of
eligibility, are eligible to enter.
League schedules ended last
week. The closeness of the play is
shown by the fact that six leagues
ended with two teams tied for hon-
ors and one other with a triple tie. All
these deadlocks will be broken before
Thursday. Friday and Saturday the
league winners come together in elimi-
nation contests.

Governor Alfred E. Smith will make
the drawing this week to determine
how the teams will pair off in the
opening games of the New York state
championship at Syracuse, Mar. 22 to
24. Eight teams, every one a double
champion, will compete. Each team
will represent a section of the state
as sectional champion, and the draw
will be by numbers, since it will not
be known until the finish of the sec-
tional tournaments Thursday, Friday
and Saturday of this week who the
"big eight" will be.

There is a possibility that the High
school team that wins the State Grand
championship may be designated to
represent the state at Chicago April
4-7 at the National Inter-Scholastic.
This question will be decided by the
executive committee of the State as-
sociation at its meeting at Syracuse
March 22.

mal school, bringing first hand infor-
mation as to conditions and needs in
the Near East.

LIQUOR RAID SUCCESSFUL

Peter Blinn and James Bennett Ar-
rested for Violation of Prohibition
Laws.

Liquor raids undertaken by the
police department yesterday netted
two prisoners, Peter Blinn and
James Bennett, several cans of near
beer and a small quantity of sup-
posed whiskey. Blinn and Bennett
were released on bail for arraign-
ment before Judge Huntington in
city court this morning.

Only the quick action of Blinn in
crushing a glass between his fingers
prevented the police from obtaining
damning evidence when they raided
his cafe at 121 Main street yesterday
afternoon. When he saw the officers
come into the cafe Blinn pulled the
contents of the glass, evidently whis-
key, into the sink and crushed the
glass so that not even a drop might
remain as evidence. His hand was
cut slightly. Thorough search of the
place brought to light about 75 gal-
lons of cider of suspicious age and
strength. The cider was taken to
headquarters and marked "Exhibit
A."

Blinn was held on charges of in-
terfering with officers in the discharge
of their duty and illegal possession of
liquor. Sergeant Odell and Officers
Terrell and Brownell participated in
the raid, which took place at about
4:30 o'clock.

Early in the evening Sergeant Odell
and Officers Terrell, Crouch and Otto
visited the home of James Bennett,
back of 45 Fonda avenue. Finding
there several cases of near beer, a
stopper machine, a quantity of empty
bottles and a quart bottle half full
of supposed whiskey. Man and ma-
terial were taken to headquarters,
Bennett being arrested on a charge
of illegal possession.

Blinn was released under a bail
bond signed by himself and his father,
Joseph Blinn. Bennett's bond was
signed by himself and Attorney
Everett B. Holmes. Both raids were
conducted under search and seizure
warrants.

MUCH ENTHUSIASM SHOWN

By Young People in Rehearsals for the
Minstrel Revue to Be Given Next
Month for Benefit of Athletic As-
sociation.

Assurances are given that the Win-
ter Garden Minstrel Revue to be pre-
sented for the benefit of the Athletic
association some time in April will be
the most elaborately staged produc-
tion ever attempted by amateurs in
the city.

The production is modeled some-
what after the famous Ziegfeld Follies
with a beautiful setting and bril-
liant with electric effects. It is in two
acts and five scenes, introducing a
minstrel first part which shows a
scene in Egypt with the pyramids and
sphinx in the distance.

The American Loughboys appear as
entertainers in the second part. Elab-
orate scenery and costumes have been
especially constructed and made for
the production and will be sent here
from New York city.

The program will abound in catchy
songs, dances and specialty acts. Re-
hearsals are progressing nicely and
the work is being enthusiastically tax-
ed up by the young people. The next
rehearsal will be held this Wednesday
evening in Municipal hall at 7:30
o'clock sharp.

Egyptian Headresses in Vogue.

London, Mar. 14.—A return to the half-dressing styles of the Mid-Victorian period is forecast by leading West End head-dressers, although they admit that Egyptian headresses will be the rage among the young women during the coming season.

"The middle-aged and elderly women have been entirely forgotten during last few years in the matter of dress," and it is for them that we are reintroducing the Victorian styles, which have never been surpassed in their dignified and stately style."

The Egyptian headresses which are becoming popular are made from one piece of gorgeously colored brocade or tulle, and hang simply from the shoulders to the feet. They are gathered up to one hip, where they are fastened by a large Eastern brooch.

Apartment Equipped with Radio.

St. Louis, Mar. 14.—Probably the most startling indication of the great interest being manifested in radio was given here this week when a large advertisement appeared in the local papers of a 24 apartment building just being completed in which every apartment is supplied with complete radio equipment.

In the same issue of the newspapers there were two full columns of advertisements of different radio sets both new and old and parts for sale and exchange, a small number of advertisements of radio repair shops and a few requests for second hand radio sets.

The volume of radio wants advertisements equalled about one-third of the volume of automobile want ads in these papers.

Before their departure the friends, through Ollie Davis as spokesman, presented Mrs. Westcott with several beautiful gifts.

EVANGELISTS EFFORT

Methodist Episcopal Church Call to Membership for Intensive Campaign.

Chicago, Mar. 13.—"The call to repentance has never been revolved," says the Board of Bishops of the Methodist Episcopal church in an appeal for an intensive evangelistic effort on the part of all members of the church, issued today by the committee on Conservation and Advance through the corresponding secretary, Dr. E. J. Wade, Chicago.

"The unrepentant multitudes are an obstacle to the gospel and a personal interest in the atonement of Jesus Christ as the far-off heaven for whose salvation we give and pray," says the appeal.

"Shall not bishops, superintendents, pastors, college presidents, league leaders, Sunday school teachers, laymen and all our loyal members dedicate themselves to some definite form of soul-winning endeavor?"

"Shall we not now give ourselves without reserve to an intensive evangelistic effort? That will mean that our pulpits shall flame with an evangelistic passion; that our pews shall catch the fire. It will mean that the members of our woman's missionary societies shall turn their extraordinary organization talent and boundless enthusiasm into the channels of personal evangelism. It will mean, that for a season, all the forces of the local church shall be focused upon this one thing, and be used by this one dominating purpose and passion."

"Shall we not go in for a prayerful, systematic, passionate, unyielding movement to arouse the church and the community to a sense of their spiritual need? Shall we not pray without ceasing and labor with actual desperation for the mightiest revival of religion which has ever come to our church?"

"That revival should start in thirty thousand Methodist Episcopal services."

"And it must not cease until its vitalizing power has been carried everywhere."

Rev. Judge Addresses Boy Scouts.

Rev. J. A. Judge gave an address of compelling interest at an enthusiastic meeting of Troop Two of Boy Scouts last evening. Mr. Judge told the boys that the wearing of the uniform did not constitute all of scouting. Each boy's heart must be in his work. Each boy's progress is in his hands. His either stands still by reason of personal rebellion or progresses through his love of being a clean, loyal Scout—one interested in real scouting. Mr. Judge illustrated various points in his talk with anecdotes coming up in his personal observation while in the army and showing how not to be afraid.

The silhouette that is fast in back and in front and shirred on each side has proved to be especially adapted to negligees. The model sketched is of chiffon velvet lined with chiffon and uses to excellent effect the surplus necklines in which one side of the V is carried down to the waist. Long bell sleeves are wide enough to show the colorful chiffon lining.

Good Attendance at Meeting Tuesday with Otsego Valley Grange.

Though the weather was not entirely favorable, there was a good attendance on Tuesday at the March meeting of the Otsego County Pomona grange, which was held in the Otsego Valley grange hall at Mt. Vision.

The morning session was in the main given up to organization and the reading of reports. In the afternoon there was an address of welcome by Arthur Hoses of Mt. Vision, with response by John Orr of Oneonta, after which the officers elected at the December meeting were duly installed.

Geo. M. More of Pierstown, being worthy master, David Skelley of Maple Grove, deacon, Mrs. More, secretary and George H. Ritter of Edinboro, treasurer. Following the installation there were addresses by Fawn Chamberlin of Schenectady and Mrs. Minnie of Oneonta.

In the evening there was an open session, with Dairymen's league moving pictures and recitations by members of the Otsego Valley grange and a piano solo by Mrs. Field of Mt. Vision. After the public session, the degree work of the order was exemplified, the fifth degree being worked with a class of 25 members.

The next meeting of the Pomona grange will be held next June in Pierstown.
